Bluetooth Pairing and Connection:

Connecting MGR250B to your device

1. Press and Hold **▶||** for three seconds until power indicator lights Blue.
2. The system will automatically go into pairing mode. The power indicator will turn Blue and the Bluetooth indicator will blink Blue while waiting for Bluetooth connection. Please be sure that Bluetooth is turned ON on your device, select "Boss Audio MGR250B" on your device to connect the Bluetooth controller (if the Bluetooth controller is connected the light will turn to solid Blue).
3. When the device is out of Bluetooth range, Bluetooth will be disconnected automatically and automatically reconnect when detected in range again. (If not please just repeat steps 1 and 2).
4. Input mode indicator --- Blue light for Bluetooth, Red light for AUX In, and Purple light for USB.
